About Kyrgyzstan

Kyrgyz republic is one of New Independent country located in the central asia, on the great silk road. It is surrounded by the range of "TYAN-SHAN" Mountains It is the land locked country borders with kazakhstan, Uzbekistan, China & Tajikistan. The Scenic nature with never frozen clear lake, "ISSYK-KUL" attracts the thousands of the tourists every year. The lake remains the memory of Sea the population approximately 5 million. The capital city Bishkek which is one of the most greenery city of Central Asia as its on the history and tradition. It is the political, Economical Scientific & cultural Centre. The climate of the city is hot in summer & Temperate in winter.

The Beginning of KSMA

The Kyrgyz State Medical Institute (KSMA) was opened on 1 September 1939 in the city of Bishkek (formerly Frunze), Kyrgyzstan with the recruitment of 200 students. the establishment of the Institute was contributed to by the First Moscow Medical Institute, high medical schools of Saint-Petersburg, Almaty, Tashkent and other medical Institutions. They provided expertise and organizational assistance, medical guidelines and training books as well as faculty staff. It is a government university in bishkek.

From Rector Desk

It is with great pleasure and a sense of privilege that I welcome you to Kyrgyz State Medical Academy. Kyrgyz State Medical Academy has enjoyed 77 glorious years in the domain of medical education.

This prospectus acquaints you with the details of the academic courses and the facilities we offer to make every student's educational experience an enriching one. Aside from outstanding education, in the domains of medical, imparted at the institute KSMA lays great focus on enhancing student experience. It is this, our graduates overwhelmingly believe, shapes them for the world and builds them as individuals.

We nurture & polish young minds and guide them to face the challenges of the professional world by making them academically competent by focusing not just on strengthening their technical skills but also on honing their soft skills.

I invite you to a life long association with KSMA and the start of an extremely fruitful academic career.
